Campaign Spending: [List of Filers](#)

Having been elected to office through the support of Kona's people, I am aware that my task as County Councilman is only beginning. My mission now is to make information available to my constituents so that the citizens of Kona, will have the opportunity for input and discussion on issues that will affect our community for years to come.

Community participation is the best way to insure that our Island grows in the ways we most want it to, with a continuing sense of community, sharing and aloha for the `aina and cultural traditions of our peoples. I am committed to community organizing on the local level, political lobbying on both the state and national levels to create long lasting social change

During my first year in office we moved forward important legislation including, the County General Plan and Kona Community Development Plan for regional based planning and visioning. We established the Open Space Natural Resource Conservation Commission, acquired Wai'aha in Kona for a County Beach Park and Honu'apo Fishpond for conservation along the Ka'u coast. We put into effect a new Affordable Housing Ordinance to require more workforce housing.

I am a native of Hawai'i and have been a resident of Kona for over 20 years. Married to Nita Pilago, we have 2 sons and 4 grandchildren. All are active in community, social, and civic affairs, promoting family values and advocating for a secure quality of life for Hawai'i. We have strong Aloha for our Community.
